Mepco Schlenk Engineering College   2020 - 2024
B.Tech. Information Technology
GPA – 8.68

Thiagarajar Model Higher Secondary School   2019 - 2020
HSC
Percentage – 86.83

Thiagarajar Model Higher Secondary School   2017 - 2018
SSLC
Percentage – 95.8

TECHNICALSKILLS

Frontend: React, Tailwind, GIT, Data Structures, RESTful Api, Redux, HTML5, CSS3, ReactJS

Backend: Node, Express, MongoDB, MySQL, Django, Web Tokens

Programming Languages: Javascript, Python, Java

Tools: Github, Docker

Skills: Collaboration, Front-end, Back-end, CI/CD, Problem-solving, OOPS, Database, Communication, Debugging, UI

Skills: Continuous Integration, Scalable Application, Agile, UI/UX, Security, Troubleshooting, Version control

Skills: AI, Cloud, Code Optimization, NOSQL, Leadership, Teamwork, Decision making**,** Scrum

PROJECTS

FoodieHub - A User-Centric Online Food Ordering System
- Developed a full stack application using the MERN stack (React, NodeJs, Mongo, ExpressJs). It allows users to create accounts, log in, and explore a menu of food items. Users can view various food varieties, place orders, and update their profiles.

Datrix - A Modern responsive dashboard template
- Developed a responsive dashboard template using ReactJs, Tailwind. The dashboard includes a sliding navigation bar with different sections, a dark mode toggle, responsive design, and several chart components. It is designed to be a starting point for building customizable admin dashboards and other web applications.

Shopify - A Ecommerce website
- A simple e-commerce responsive website built using HTML, CSS, Javascript. It allows user to browse products, add them to the cart, and place orders. The website is designed with a focus on user experience and ease of use.
